PROJECT MANAGEMENT

PROJECT MANAGEMENT PROFESSIONAL (PMP)® INTENSIVE CERTIFICATION PREPARATION COURSE (PMCP)
(4-5 days, 36 hours, 36 PDUs)

This **boot-camp style** course provides you with the knowledge and self-confidence to do well on the (PMP)® certification exam by the Project Management Institute (PMI)®, in just 4 or 5 **intensive** course days.

Just like the exam, this course is based primarily on PMI's: A Guide to the Project Management Body of Knowledge (*PMBOK® Guide*) –7th Edition, Project Management Institute, Inc., 2021 Examination Content Outline, as well as other material relevant for the exam.

The course is suitable for those who have little or no experience of the *PMBOK® Guide* and more experienced students alike.

AFTER THE COURSE YOU WILL

Have a clear understanding of:
- ❖ The structure and contents of the new PMP® Certification exam as of Jan 2021.
- ❖ How to best prepare for the exam.
- ❖ The domains, knowledge areas and practices you need to master for the exam.

Upon completion of the program and having done all the homework you will be prepared to attend and be successful on the exam.

TARGET GROUP

Experienced Project Managers and PM professionals who intend to pass the PMP® certification exam.

TRAINING METHOD

Candidates will spend an action-packed four days working intensively on all the subjects for the PMP® certification exam. This means 9-hour workdays, plus homework in the evenings. The course can also be done during 5 days.

PREREQUISITES

Everyone is welcome on the course, but to be eligible for the exam, you need to meet the experience criteria established by PMI®.
