

Aligned with the
2023 PMP® Exam

PROJECT MANAGEMENT PROFESSIONAL (PMP)® CERTIFICATION PREPARATION PROGRAM (PMCP)

VCT: 9*4 hours, 36 hours
(36 PDUs)

(Other distributions or durations available by request)

* VCT = Virtual Classroom Training

AFTER THE TRAINING PROGRAM YOU WILL

Have a clear understanding of:

- ❖ The structure and contents of the new PMP® Certification exam as of Jan 2021.
- ❖ How to best prepare for the exam.
- ❖ The domains, knowledge areas and practices you need to master for the exam.

Upon completion of the program and having done all the homework you will be prepared to attend and be successful on the exam.

TARGET GROUP

Experienced Project Management professionals who intend to take the PMP® Certification exam, or want to learn best practices according to PMI®.

TRAINING METHODS

Program with 9 VCT live 4-hour sessions led by an instructor, and access to the X-AM exam simulator.

Participants are given homework to complete between sessions.

PREREQUISITES

Everyone is welcome on the course, but to be eligible for the exam, you need to meet the experience criteria established by PMI®.

This program provides you with the knowledge and self-confidence to do well on the PMP® certification exam by the Project Management Institute (PMI)®.

Just like the exam, this program is based primarily on A Guide to the Project Management Body of Knowledge (*PMBOK® Guide*) – 7th Edition, Project Management Institute, Inc. and the 2021 Examination Content Outline, as well as other material relevant for the exam.

The program is suitable for those who have little or no experience of the *PMBOK® Guide* and more experienced students alike.
