GPMM
for Project Managers
(GPM)

Virtual course 16 hours (4*4 hours)
In person 24 hours / 3 days
16/24 PDUs*)

(* Distributed as : 20 Ways of working, 2 Power skills and 2 Business Acumen PDU)
(* Distributed as : 12 Ways of working, 2 Power skills and 2 Business Acumen PDU)

In this course you will learn the fundamentals and more about Project Management; How to successfully manage a project using the world-class project management methodology – GPMM (Greenlight Project Management Model).

Organizations need accountable Project Managers to secure valuable deliveries and benefits on time and within budget, continuously in the same way, thus using a common project management model.

GPMM can be used in Customer, Internal and Product development projects, thus all 3 types.

GPMM supports and covers the three different ways of working; agile (value driven), traditional (plan driven / structured) and hybrid (a combination of plan and value/agile ways of working).

After the Course You Will

❖ Have better knowledge of the project work form and the importance of a common project culture.
❖ Understand all the roles in a multi-project organization.
❖ Be able to take responsibility for a project from the start until the end., ensuing it will successfully meet the goals.
❖ Be able to use the GPMM Project Management Model, to manage your project.

Target Group

Anyone working or involved in Projects, e.g.:

❖ Project Managers
❖ Project Sponsors, Functional/Line Managers
❖ Program and Portfolio Managers
❖ Product Owners and Managers
❖ Project Office (PMO) Managers and staff
❖ Project support staff, administrators, planners, configuration managers etc.

Training Methods

We apply a training method based on "learning by doing", optimizing your learning by combining the trainer's input with your own experience and active participation.

You will experience a course with a high energy level and lots of fun.

This course can be adapted to customized GPMM-based Project Management Models developed for specific GreenlightPM customers.

About GPMM

❖ *GPMM is a general-purpose hybrid (plan and value driven/agile) project management model.*
❖ *GPMM is a key building block in GreenlightPM's Project Management 3.0 framework for Business Driven Project Management*
❖ *GPMM complies with all relevant project management standards eg. the PMI® standards, Prince2, BABOK, PMDPro2, APMBOK, ISO, the Agile Manifesto and SAFe.*
❖ *GPMM can be turned into a fully customized model by altering the name, parts of the content and the look and feel.*
