X-AM
PMP® Exam Simulator

Greenlight Project Management offers you X-AM.

A tool that allows candidates not only to prepare for the Project Management Professional Certification exam, but also to do a self-evaluation of their Project Management skills and knowledge.

HOW TO USE X-AM ?

X-AM is an exam simulator that allows Project Management Professional (PMP)® certification candidates to train under real conditions, as well as serving other purposes:

❖ **Learning and reviewing**: The questions are arranged according to type of knowledge, including explanations that help learners extend their knowledge. Learners can review the questions they failed repeatedly, to help consolidate their knowledge.

❖ **Evaluating yourself**: The scores are shown as percentages, helping learners to estimate their level of knowledge.

❖ **Tracking your progress**: Learners can view their results per session and per knowledge area, giving them a continuous picture of the progress they are making.

ADVANTAGES

The simulator offers a very motivating learning method.

❖ It can be used anywhere: learners can access it from any computer.
❖ The interface is user-friendly and intuitive.
❖ It is available in several languages: French, German and English.

Score					
Project Management Framework	68%				
Integration Management	39%	63%	75%	83%	
Scope Management	62%	72%			
Time Management	48%	62%	71%		
Cost Management					
Quality Management	44%	51%	59%	70%	78%
Human Resources Management	56%	60%	63%		

Viewing one's progress in learning : that is motivating !

(*) Trademark owned by STS

You have just found the best company to supply equipment and materials for the project. As technical requirements to the items are known in detail, the vendor will be paid on a fixed price basis. However, you are worried that late delivery of the items can severely impact the project schedule. What is the best you can do?

○ Change the type of contract to cost-plus-percentage of cost
○ Inform the senior management each time the vendor is late
○ Involve the vendor in developing the project schedule
○ Include incentives in the contract for meeting contract milestones on schedule
