GreenlightPM@GreenlightPM.com

Project portfolio management is the coordinated management of projects, programs, portfolios and other work, to ensure that they meet their objectives and that they are aligned with the strategic business objectives of the organization. The purpose is also to make the best use of the available resources.

This workshop joins Agile practices and tools applied to the Project Portfolio Management process.

The workshop is customized to the company specific needs and conditions.

TRAINING METHODS

- ❖ We apply a training method based on learning by doing". This means optimizing your learning by combining the workshop leader's input with your own experience and active participation.
- ❖ The workshop is aligned with the Project Management Institute (PMI)® standards for Portfolio, Program and Project Management.

TARGET GROUP

- ❖ Project Sponsors
- ❖ Project Portfolio owners
- ❖ Managers and members of a PMO
- ❖ Program Managers and experienced Project Managers
- ❖ Functional Managers who have resources involved in the Project Portfolio

PMI is a registered mark of the Project Management Institute, Inc.
