

Program Management Professional (PgMP)[®] Certification Preparation Course (PGM_CERT, VCT) (6 4-hour sessions, 24 hours) (24 PDUs)

Program Management is maturing as a standardized way of working.

In consequence, the popularity and demand for the PgMP[®] certification is on the increase.

This Course provides you with the knowledge and self-confidence to prepare for, and do well on the PgMP[®] certification exam.

AFTER THE COURSE YOU WILL

- ❖ Know more about Program Management
- ❖ Understand PMI's perspective on Program Management with concepts and terminology.
- ❖ Understand the structure and requirements of the PgMP[®] certification exam
- ❖ Know how to prepare yourself in the best way to pass the certification exam
- ❖ Have guidelines on what to focus on during your preparation
- ❖ Know specific techniques and exercises to develop your understanding of the many subjects and how they interact
- ❖ Recognize typical exam questions helping you to pick the best answer in each case

TARGET GROUP

Experienced Project and Program Managers who intend to pass the PgMP[®] certification exam, and want to learn more about Program Management

PREREQUISITES

Knowledge in Project and Program Management

TRAINING METHODS

We apply a training method based on "learning by doing" and "accelerated learning". This means optimizing your learning by combining the trainer's input with your own experience and active participation.

The course is aligned with the Project Management Institute (PMI)[®] Standard for Program Management.

Trainer support is included.
